

- 2.1 Sample Patient Letter (Spanish and Vietnamese versions in Appendix)
- 2.2 Health Risk Assessment (HRA) (Spanish and Vietnamese versions in Appendix)
- 2.3 Stay Independent Fall Risk Assessment (Spanish version in Appendix)
- 2.4 Home Safety Checklist (Spanish and Vietnamese versions in Appendix)

### Important Notes

- The letter explains the difference between the AWV and a routine medical visit. You can modify the letter and print on your letterhead using the MS Word template available at <http://www.ocagingservicescollaborative.org/annual-wellness-visit-toolkit>.
- You may consider mailing these items to your patient in advance to allow sufficient time to complete the forms. The patient can then bring the completed forms to the visit for your review.
