

- 4.1 Medicare-Covered Preventive Screenings for Non-Pregnant, Adult Beneficiaries
- 4.2 Medicare-Covered Vaccinations and Counseling Services for Non-Pregnant, Adult Beneficiaries
- 4.3 Men's Personal Preventive Plan
- 4.4 Women's Personal Preventive Plan

## Important Notes

- Medicare-Covered Preventive Screenings for Non-Pregnant, Adult Beneficiaries:
  - Medicare covers more than what is recommended by the US Preventive Services Taskforce (USPSTF). The table presents what is reimbursed by Medicare with comparison to USPSTF recommendations (in yellow) if substantially different from Medicare coverage.
  - For more information on USPSTF recommendations, see the USPSTF website <https://www.uspreventiveservicestaskforce.org/Page/Name/recommendations> (accessed June 1, 2017)
  - For more information on Medicare-covered services, see Medicare Preventive Services document in Section 1, or visit the interactive table of preventive services at <https://www.cms.gov/Medicare/Prevention/PrevntionGenInfo/medicare-preventive-services/MPS-QuickReferenceChart-1.html> (accessed June 1, 2017)
- Personalized preventive plans: given to the patient so that he/she is aware of the timeline for recommended preventive services, conditions/behaviors that pose a threat to his/her health and the provider's recommendations to reduce health risks posed by the conditions/behaviors.
